PROVISIONS FOR DISPOSAL OF WASTE

- 3. (1) The Town shall be responsible for the public collection and removal of solid waste within the limits of the Town.
 - (a) The Council of the Town may provide for the collection, removal and disposal of solid wastes within the limits of the Town by contract with any person on any terms and conditions that the Council considers expedient.
- (2) The Director of Public Works shall provide specifications and supervision for the operation of facilities and equipment necessary or desirable for the disposal of waste collected or disposed of within the Town.
- 4. (1) The Director of Public Works shall:
 - (a) supervise the collection, removal and disposal of waste within the Town; and
 - (b) direct days and times that collections are to be made from different portions of the Town; and
 - (c) decide as to the quantities and defined classes of wastes to be removed or collected from any premises or accepted by the Town for disposal.
- (2) Subject to the provisions of this Bylaw, the decision of the Director of Public Works as to the amount and type of waste that is accepted from any premises shall be final.
- 5. Front street waste collection shall be in force:
 - (a) in such parts of the Town and at such times as the Director of Public Works may designate; and
 - (b) where there is no lane at the rear or side of any premises.

ACCUMULATION OF WASTE PROHIBITED

- 6. (1) Except for waste which is placed:
 - (a) in receptacles required by this Bylaw;
 - (b) in a manner complying with the provisions of this Bylaw;
-

- (c) in a location designated or allowed by this Bylaw:

No person who is the owner or occupant of any land or building shall allow waste of any kind to accumulate upon any land or about any building.

- (2) Notwithstanding anything in subsection (1) or elsewhere in this Bylaw, no person shall dispose of waste or allow waste to accumulate in any manner which contravenes the provisions of the Public Health Act, the Regulations made thereunder, or a Bylaw of the Town relating to health, sanitation or nuisances.

DEPOSITING WASTE ON PRIVATE PROPERTY

- 7. (1) Subject to the provisions of Section 6., no person who has waste of any description requiring disposal shall dispose of it other than at the waste disposal site.
- (2) A person who has disposed of waste on any land contrary to the provisions of Subsection (1), shall remove the said waste upon being required to do so by the owner or occupant of the land or by the Director of Public Works, the Medical Health Officer, Public Health Inspector, or a Police Officer, but such removal shall not prevent him from being prosecuted for a contravention of Subsection (1).
- (3) If the person who has placed waste on land contrary to the provisions of subsection (1), cannot be ascertained, the owner or occupants of the land shall remove the waste or cause the waste to be removed from the land upon being directed to do so by the Director of Public Works, the Medical Health Officer, Public Health Inspector, or a Police Officer.

HOME INCINERATION AND OUTDOOR INCINERATION

- 8. (1) Any person desiring to burn waste, shall burn such waste in an incinerator, which has been built in accordance with plans approved by the Air Pollution Control Branch of the Department of the Environment of the Province of Saskatchewan.
- (2) No person shall build, locate, use or operate an incinerator without the prior written consent of the Director of Public Works.
- (3) No person shall set, feed or maintain, or cause to be set, fed or maintained, within the limits of the Town of Tisdale an open fire for the disposal of any materials.

WASTE FOR PUBLIC COLLECTION

- 9. (1) The owner or occupant of a premises in the Town from which waste is to be collected, shall provide and maintain in good condition, a sufficient number of watertight receptacles of circular design, materials and construction as approved by the Director of Public Works, and which comply with the provisions of subsection (3) to hold at least one week's accumulation of waste to be collected from the premises.
 - (2) Except as otherwise provided in this Bylaw, no person shall place waste from a premises elsewhere than in receptacles that comply with the requirements of this Bylaw.
 - (3) A person providing receptacles for containing waste, shall provide receptacles which:
 - (a) are tapered to a lesser diameter at the bottom of the container.
 - (b) have a water tight cap cover, rigidly fixed handles and a smooth rim at the top.
 - (c) do not exceed 34 kg including contents.
 - (4) The collection, removal and disposal of wastes in the Town of Tisdale, subject to such modifications as may be deemed necessary by the Director of Public Works; shall be:
 - (a) on a weekly basis in all residential zones.
 - (b) on a weekly basis for all wholly residential buildings in commercial zones;
 - (c) three times per week, Saturday, Sunday and statutory or Civic Holidays excepted, for all premises in commercial and industrial districts.
 - (d) at the Director of Public Works's discretion for all premises not included in immediately preceding subsections (a), (b), and (c).
-

- (5) A person undertaking the removal and disposal of waste generated from their own premises shall do so at least weekly.
10. (1) Wherever a commercial container is used, it must be placed on firm level ground and be accessible for collection and disposal by the Containerized Waste Collection Contractor.
 - (2) A commercial container shall be of a larger size and of a different shape than the waste receptacle specified in Section 9, and shall have a minimum capacity of 1.5 cu metres. A commercial container must be accessible and capable of mechanical unloading by the Containerized Waste Collection Contractor.
 - (3) A commercial container shall not be used unless it is a type approved by the Director of Public Works as to size, quality and shape.
 - (4) If the owner or occupant of a premises places waste in a storage enclosure of a type that has not been approved by the Director of Public Works, the collectors are entitled to not collect the waste from such enclosures.
 - (5) Existing storage enclosures that were originally approved by the Director of Public Works, shall not be repaired but may be continued in use until a directive is issued for their replacement, at which time newly approved containers must be substituted. A decision on their condition and when they are to be replaced, shall be made by the Director of Public Works.
 11. All new buildings where there is not adequate space available for a garbage container on the property outside the building, which is accessible to collection vehicles, must include a garbage or refuse storage room inside the building. This garbage or refuse storage room must conform to any existing National Building Code standards and/or National Fire Code standards as adopted by bylaws of the Town of Tisdale. Such room shall be of sufficient size to hold the number of commercial containers required to store the expected volume of waste generated between pick-ups. This room must be located so that it's exit is readily accessible to collection vehicles, which will drive up to the door, remove the containers out of the room and dispose of the refuse and garbage into collection vehicle.

FILLING OF WASTE RECEPTACLES

12. (1) No person shall fill a waste receptacle with material of such weight that the combined weight of the receptacle and it's contents exceed 34 kg.
 - (2) A collector shall not be required to remove any waste receptacle which, together with its contents, exceeds 34 kg in weight.
 - (3) Subsections (1) and (2) of Section 12 do not apply to commercial containers.

PLACING OF WASTE RECEPTACLES

13. (1) Except as otherwise herein provided, no person shall place or keep waste receptacles or commercial containers upon any portion of the street or lane.
 - (2) Where waste is to be collected from a premises situated on land abutting a lane and there is space on the land next to the lane, the owner or occupant of the premises shall place and keep the waste receptacles as near to the land as practicable, and in a place to which the collectors have unobstructed convenient access.
 - (3) Where a premises from which waste is to be collected does not abut a lane, or where special conditions make it impractical to keep and place such receptacles at the rear of a premises, the owner or occupant of such premises shall place the waste receptacles in such a position on the premises that it affords a collector an unobstructed and convenient access. The owner or occupant of any building that cannot comply with the requirement for receptacle location must make provision in the building itself for storage of the said receptacles.
 - (4) Where or whenever front street collection is in force, the owner or occupant of the premises shall place all receptacles on the boulevard in front of the premises by a time that may be set by resolution of Council, and return them to their usual storage place on the day of collection.
 - (5) Except where, in the opinion of the Director of Public Works, it is impracticable to store waste receptacles outside the building, no collector shall be required to, or shall make a
-

collection of waste from inside any building.

14. The owner or occupant of a premises from which waste is to be collected:
- (1) shall place or locate the waste receptacles for collection in such manner that they will not overturn or be likely to be overturned;
 - (2) when the property is fenced from a lane or street where the collection is made, the owner shall construct an opening in the fence to permit access to where the waste receptacle is located unless the waste receptacle is near the regular gate or other access;
 - (3) shall store the waste receptacle on a sturdy, neatly constructed stand, a minimum of 0.45 metres above the ground. No such stand shall be placed in the front yard of the premises without the permission of the Town Foreman.

PREPARATION OF WASTE FOR COLLECTION

15. (1) An owner or occupant of a premises from which garbage is to be collected shall:
- (a) thoroughly drain all household garbage and wrap it in paper and securely tie the parcel or place the garbage in a securely tied plastic bag before depositing it in a waste receptacle;
 - (b) securely tie discarded clothing and fabrics, newspaper, waste and magazines and inoffensive dry refuse in bundles and place the same beside the waste receptacles for collection;
 - (c) wrap clippings from lawns, shrubs and trees in bundles or boxes or plastic bags and place them in or beside the waste receptacles;
 - (d) quench all ashes for collection and put them in separate receptacles from the other waste;
 - (e) place all plastic bags containing garbage in approved containers as described in subsection (3) of Section 9.
- (2) No person shall place any explosive or highly inflammable waste in any receptacle for collection.
- (3) Collectors shall not collect ashes which are not properly quenched or which appear to be hot or likely to cause a fire.
- (4) No person shall place for collection a bundle, package or other material beside a waste receptacle the length, width or height of which exceeds 1.2 metres, or the weight of which exceeds 34 kg and no collector shall be required to collect a parcel any measurement of which exceeds 1.2 metres or weight of which exceeds 34 kg.
